

In Loving Memory...

COLBY

2000-2011

*Jingle of your collar to the prance in your step,
you were the most Loyal, Gentle Companion!*

*His spirit will live
on in our hearts
and memories
forever!*

**Greeting us at the door with a happy fluffy tail wag or
Peace at night with ever a noise there was sure a bark.
In and out of kids rooms to check on them like a guardian
Singing with a howl, and a cuddle from his favourite cat Zombie.**

**Seeing the kids grow up next to him,
Devoted to his family, and somewhat wary of strangers.
Digging, showing off and eating crabgrass like crazy or
In the backyard gazing out in the snow or getting a treat ever so gently
A nudge on the arm to be petted with a soulful brown stare**

**Colby never stepped away from any fight (other than the vacuum)
He had no intention of going gentle that afternoon.
The bone cancer made it painful to stand on
and his body became tired to continue.**

**With heavy hearts and tears in our eye's,
after all these years for know, we said our goodbye's.
He was given rest February 19th, 2011.**

*Our Great Pyrenees, You are forever etched in our hearts,
We Will Miss You So Much!*
